Forms not sent on 16/2/33 To undertake necessary formalities for a Revenue report

85 Letter no G To 258 | dated 14/3/33 from the Municipal Commr Bangalore City forwarding the report called for - The Commr states that the obstruction is from the Police department who contends that the land in question belongs to them and the D. G. of Police to whom the question referred states that the Military land is being resurveyed and that the question may be decided after the resurvey is completed Submitted for orders

To Please return the papers containing Comm's letter

PING SECTION
15 FEB 1933
L & RLV CF

1. The Mun' Com'r report is for perusal "It shows that the trouble complained of by the petitioners is the result of a dispute between the Govt & the Police Dept as to the ownership of the land in question"

(Sd) Illegible 25/3

2. It seems to me unfortunate that poor people like the petitioners, who have bought the land and have made arrangements to build on it should be asked not to go on with their arrangements simply because some body puts in a claim to the lands which so far as we can see is not tenable. One of the petitioners told me she has lost more than Rs 200 on account of postponement.

3. The G G P might perhaps be asked to furnish his views & he might be told that the Govt would do so, the petitioners with a few months to build their houses (I am not sure that even six months is long enough) if it is open to the police that it is open to prohibit the petitioners from the putting up their houses they have not yet got possession of the land on a time for tenancy)

113 Letter no G c 25/32 dated 13th June 32 from the Inspector General of Police in Mysore forwarding the report on the matter

It from the report it is seen that the Rev Commissioner seems to have disposed of the sites in question to the applicants, on the strength of a survey map prepared in 1908 a copy to which it is stated the lands belonged to the municipality It is only after the resurvey recently made, that it has been ascertained that the lands belonged to the Military Dept which have never come to the possession Police Dept

It The D I G of Police states in his letter that the attention has been misled by the statement sent to the municipality by the Survey Dept in 1918 and has in consequence allowed the construction of houses on the lands belonging to the Police Dept and requests that early orders may be passed defining the title of the Police Dept to the lands

3rd The petitioners to whom the sites have been given, have paid the entire amount and have been put in possession of the same, and they have been obstructed when they began to construct houses ~~of two~~

3

~~a~~ few hours. clear whether the existence The area would be detrimental

SD35 A. 5741

File No of 193 General and Revenue Secretariat

in the interests of the Police Dept, as it is stated in the report that in one of which belongs to the Police Dept there are few sheds, backyard of a house owned by a Private person and also a portion of site containing 4 blocks recently given to Private parties by the Municipality.

It is therefore a point for consideration whether the area which has been disposed by the municipality may not be excluded from the area, while defining the title of the Police Dept to the land, as otherwise the indemnity will have to be passed to provide a grant suitable site/allowance to those who have been granted sites in the area

Submitted for orders

23 6 33

36 The file may perhaps be sent to the Town Cant Officer for remarks and reference to the conclusion arrived at in the letter of the Dy of Police. He may also be asked to send a sketch showing the lands in dispute and to the sites given and by the Dept so as to make the position clear

No To 524
10.8 1933

38 The exact area acquired for the Military within tr Survey Numbers for their parade ground and for the construction of Lines is not available from any of the reco Whether therefore there was any encroachment on the land belonging to the Military Department by those who have constructed private houses is not clear The householde purchased the sites from the Municipality as stated by th Inspector General of Police, the Municipality apparently thinking that the ownership was vested in them It is under the same impression that the 9 sites in question two of them allotted to the petitioners Fathima Bi and Mahaboob Bi -- were also disposed of by the Municipalit

2 - The Inspector General of Police wants the Municipality to produce records showing the acquisition of the lands in question The Municipality have no such records to produce Neither has the Military or the Police Depar ment any records to show that the particular area in que tion belongs to either of the departments or was acquired by Government at any time

3 The Municipal Boundary is demarcated with stones only around the city There are no boundary stones to den cate Municipal and private property when municipal limits The contention of t Municipality has been rightly set forth by the Inspector General of Police The inclusion within the Municipal Boundary of certain unoccupied survey numbers without ass assigning them to any particular department was considere sufficient authority by the Municipality in 1904 to clai

[illegible] survey made in April 1933 says is that certa

are entitled to enjoy those survey numbers It is the contention of the Municipality that the Police Department has taken possession by force of lands that do not belong to them, and are preventing the lawful purchasers from the Municipality from enjoying their property In other words, the most recent survey merely records who is in possession on the date of the survey without going into the question whether he is rightfully in possession Only portions of survey numbers 28 and 27 are said to be in the enjoyment of the Police Department The extent actually in their possession is also not mentioned And the sites now formed are in Survey No 28

5 In concl , as there are no records to show that the Government at any time gave particular extents of lands either to the Military Department or to the Municipality and there are no records to show what extents were actually acquired by either Department, I think, as noted in para 34 of the notes, that it is a point for consideration whether the area which has already been disposed of by the Municipality may not be excluded from the area to be given to the Police Department, while defining the title of the Police Department to the land

39 The petitioners are very poor people and it is in consideration of the military services of their relatives that they were given the sites by the Municipality at the instance of Government. It would be very hard if several months after they have paid the full value of the money, they are ousted from the land It is also not possible to give them land elsewhere as not a single site is available at present I recommend therefore that, apart from the question of defining the respective ownership of the Municipality and the Police Department the sale of the 9 sites may be confirmed, as the sites are contiguous to the already existing houses and they do not in any way interfere, either the Lines or the Parade Ground for the Reserve Police

The Khetwar extract for the year 1901-02 and Phaisal Patrika, which are the original records giving particulars of each Khate, clearly show that the land belonging to the Police Department comprises of S Nos 4,5,6,7,25,27 and 28 and the Survey plan of the Bar Infantry Parade Ground (herein enclosed for perusal and return) prepared by the P W D in 1908 and countersigned by the Chief Commandant, late Col. J Desaraj Urs, also indicates that some of the sites recently given over by the Municipality are within the Boundary Lines marked therein which fact is also borne out by the recent map prepared by the Survey Department after latest survey according to which the site [illegible] in S Nos 27 and 28.

As for the acquisition of lands in question on behalf of the Military Department, the Deputy Commissioner Bangalore may kindly be consulted if any reco

D. Sec 25/32

separately as an closure

5741

File No | of 193 | General and Revenue Secretariat

in the matter are forthcoming

The sites said to have been sold by the Municipality are in close proximity to the lines which are occupied by the Reserve Police men, the distance between the sites and line houses being about 8 yards

It is not advisable to allow the private dwellings to be built so close to the Police Lines and apart from this question, the alienation of any portion of the lands belonging to the Police Department is impossible in as much as all the available space has to be preserved to provide housing accommodation to the officers and men of the Police Force, the urgency for which has been brought to the notice of the Government so often

In ~~Under~~ these circumstances, I find myself unable to agree to the proposal made by the Municipal Commissioner regarding the sale of the sites in question or alienation of any portion of the ground belonging to the Police Department

Reference --G O No 48-33/1st September 1933 from the Chief Secretary

Subject ----Grant of sites by the Bangalore City Municipality in S No 28 of Bogenhalli village

---

1 The City Municipality appears to have formed five blocks comprising nine sites out of a portion of old S No 27 and old S No 28 of Bogenhalli village, and have disposed of already four of the sites to private persons S Nos 5,6, Sub No 7/1, Sub No 7/4, 25, 27 & Sub No 28/1 were originally assessed occupied lands according to the khetwar of the village, the assessment for these lands was written off in some cases in 1890 and in others in 1891 on the ground that the lands had been taken up for the Barr Lines The lands must obviously have been acquired The acquisition record however are not forthcoming either in the Bangalore taluk office or in the District office But it is clear that the Military Department acquired this land about the year 1890 or 1891 The lands have since passed into the hands of the Police Department

2. The City Municipality has no manner of right to these lands and its action in having formed house sites out of S Nos 27 and 28 and having disposed of them to private persons is clearly wrong The mere fact that, at the time of resurvey of the 26 villag the Kasaba Hobli of the Bangalore taluk, which took place 1904. lands [illegible] been appropriated to non- [illegible] removed from the [illegible]

No 3633-4 dated 26th may 1904 does not by itself confer on the municipality any title to such lands the land which has now been disposed of by the municipality is clearly the property of the police department I agree with the inspector General of police that the municipality should not be allowed to appropriate these lands as they have done in the present case

Some more cases of this kind where this municipality has disposed of kharab lands to which they had no right have come to my notice the Revenue Commissioner and Government are also aware of this

Letter No 196 dated 1st May 1933 from the Assistant Superintendent, Mysore Revenue Survey, Bangalore District, to the Superintendent, Mysore Revenue Survey, Bangalore

---oOo---

With reference to your letter No 1538 dated 1-4-1933 re the demarcation of the land belonging to the Police Department in Bhogenahalli Village, Bangalore Taluk, I have the honor to state as follow

The Government Order No 3633-4 dated the 26th May 1904 directed that the revision settlement in the 26 villages of the Kasaba Hobli of the Bangalore Taluk, should extend only to the lands used for the purposes of agriculture and G O No R 892-3/L S 4-88-1 dated 8th August 1908 required the Revenue and Survey Commissioners to state what action had been taken with reference to the lands in the several villages adjoining Bangalore City, which had been appropriated to various non-agricultural purposes and which were therefore ordered to be excluded from the Revision Settlement as per G O No 3633-4 dated 26th May 1904 Whereupon the Superintendent Revenue Survey in Mysore, Bangalore, has reported to Government in his letter No 43 dated 31st October 1908 that the Re- urvey and Revision settlement of the several villages adjoining the Bangalore City had been done in accordance with the G O of 26th May 1904 and that under the procedure adopted, there was no possibility of any land, not built upon, being excluded from the operation of the Revision settlement and that a statement of lands included in the Gavatana would be sent to the President of the Bangalore City Municipality, so that they may be duly assessed under the Municipal Regulation In pursuance of this report to Government a statement of lands in the 23 villages adjoining the Bangalore City, included in the Gavatana, was sent to the President with No 270 dated 23-12-1915 from the Superintendent Office copy of the statement is enclosed in the records

From this statement it is seen that the original survey numbers 4, 5, 6, 7, 25 and 28 of Bhogenahalli were included in the City during Re-survey and that 9 acres and 1 gunta out of S No 27 measuring acres 13 and guntas 17, was phoded for the barlines making the remaining extent of 4 acres and 16 guntas into new R No 14 On the field it is now seen that the Police Department are enjoying S.Nos 25 in full, about 9 acres and 1 gunta out of S.No.27

and about 30 guntas in S No 28. There are the quarters of the Assistant Superintendent of Police in S No 5, Foot-ball and Hockey grounds in S Nos 5, 6 and 7 and the Police lines in about 9 acres and 1 gunta out of S No 27 and about 30 guntas in S No 28 Since, during Resurvey, lands which were not normally used for the purposes of agriculture were included in the Gavatana or City as per G O of the 26th May 1904, it cannot be definitely stated without reference to the concerned acquisition records whether the proprietory right of the S Nos. 4, 5, 6, 7, 25 and 28 belongs to the Municipality, the Police Department or private Parties So far as Survey No 27 is concerned, 9 acres and 1 gunta (including Bhut Kharab of 18 guntas) out of the same may be definitely stated to belong to the Police Department, in as much as the Farda for 8 acres and 20 guntas out of this S No is mentioned to be the Barlines in the R S Tippan

A map of Bhogenahalli in respect of the concern S Nos is enclosed herein The Red portion shows the land, which the Police Department seem to be entitled to, as per entries in our tippan, the Blue portions shows the land which they are now actually enjoying The proprietory right of the lands shown in blue, cannot be decided without the acquisition or other records concerning them The aboundaries of whichever S Nos the Inspector General of Police or the President of the Bangalore City Municipality requires will be shown to them on their requisition

I request that the Inspector General of Police and the President, Bangalore City Municipality, may kindly be intimated of the above facts and further orders concerning the needful demarcation and mapping of lands in this village, be passed early

14 JUN 1933

11 JUNE 1933

SIR

With reference to your No L 6274/Ml 1-32 dated 28th March, 1933, forwarding copy of report No G P 258 dated 14-3-1933 of the Municipal Commissioner, Bangalore City on the petition of Fathima Bi and Mahaboob Bi requesting to take steps for the cessation of obstruction by the Police to the construction of houses by them on the sites granted to them near the Reserve Police Lines and stating that as the matter has to be settled early the Re-Survey of the military land should be finished within a fortnight &c , I have the honor to state as follows:-

The plain ground and the line houses situated to the North of the Bangalore-Mysore Road and occupied by the Provincial Special Reserve Police originally belonged to the Mysore Military Department This plot of ground had been divided into some survey numbers and was situated in the limits of Bhogenahalli village of Bangalore Taluk This appears to have been acquired for the Military to be used as their Parade ground and for the construction of Lines for the sepoys

The original Survey map - the Re survey map and the connected references such as, the ledger relating to the lands (Khetwar), the Settlement Report (Phaisal Patrike) and the Phodi Tippani, which are available in the Records of Survey Department and Bangalore Taluk Office - all these indicate that the land under reference belong to the Military Department The Revenue Re-survey map (copy printed in 1926) (herein enclosed for reference and return) clearly defines the extent of land in the possession of the Military Department and shows that in a portion of the Military land acquired and lying to the East of the small hillock

and to the South of Agrahar tank i e Binny Mill tank, some houses have been recently constructed and occupied by private owners It is also ascertained that these occupants purchased the sites from the Municipality and constructed houses thereon and have been paying the municipal taxes To the South of these houses and adjacent to them it is ascertained that 9 sites in two blocks each containing 5 and 4 sites have been rec ntly marked out by the Municipality and were given to the private persons for building houses The block containin 4 sites is close to the Reserve Police Lines

The attention of the Municipal Commissioner was therefore drawn to this matter and with a view to ascertain the title of the Municipality to the lands was requested to send an extract from the map of Bangalore, in the City Municipal area showing the Municipal boundary around the Military ground and the Lines together with copies of Government orders, if any, relating to the acquisition of these lands for constru tion of hous s The Municipal Commissioner in reply, stated that excepting the land now occupied by the Polic Lines and the Parade Ground, the res belonged to the Municipality as per Re-survey map of Bhogenahalli in 1904 and intimated that the burden of proving that the land did not belong to the Municipality, lay with the Police Department He further stated that the Superintendent, Revenue Survey had intimated to him that the Re-Survey map printed in 1926 was not authenticated and the mention of Barr Cose" or "Barr Lines" therein shows only the approximate position of the Barr Lines/and not the extent and that the map printed in 1908 was correct according to which the lands belong d to the Municipality

Thereupon, a reference was made to the Superintendent Revenue Survey to arrange for the Re-Survey of the lands in possession of the Police Department fixing the boundaries thereof and to send an authenticated copy of the map of this area, for reference The Superintendent Revenue Survey has, in response sent a copy of the newly prepared plan (enclosed for kind reference and return of the Military land with a copy of the report No 196 dated 1st May 1933 of the Assistant Survey Superintendent, Bangalore District in the matter (copy enclosed) and stated that the Revenue Survey numbers 4,5,6,7,25, a portion of Survey No 28 (washed blue) and Re Survey No 27 (washed red) are now in the

enjoyment

enjoyment of the Police Department He has further stated (Vide copy letter No 213 dated 23rd May, 1933 of the Assistant Survey Superintendent) that portion of Survey No 28 shown in the Phodi Tippani as "Barr Lines" is calculated to be about 2 acres and 20 guntas

From the facts aforesaid, and also the Khetwar Extract for 1901-02 and Phaisal Pattika (copy enclosed for reference and return), it may be observed that the land belonging to the Police Department comprises of Survey Nos 4,5,6,7,25,27 and 28 Mention is also made in the Assistant Survey Superintendent s letter dated 1st May, 1933 that out of 13 acres and 17 guntas in Survey No 27, 8 acres and 33 guntas belong to the Police Department and it is within this plot that almost the entire hillock, a few sheds, the back yard of a house owned by a private person and also a portion of site containing 4 blocks recently given to private parties by the Municipality are now found situated As regards Survey No 28, the Survey Department in their letter dated 9th May, 1933 make a mention that line houses are found in 30 guntas of land in this Number, though they state that they have no records to show that the Police Department has a claim for 3 acres and 38 guntas of this Survey Number as mentioned in Khetwar for 01-02 and Phaisal Patrike of Bhogenahalli However, the existence of line houses in this Survey No as noted in the recent plan of the Survey Department as well as a Survey plan drawn by Public orks Department in 21-2-1908 and countersigned by Col J Desaraja Urs, the then Chief Commandant - the existence of a spacious bit of land still left vacant in this number adjoining the line houses - the Assistant Survey Superintendent report dated 23rd May 1933 (copy enclosed) stating that portion of Survey number 28 marked in the Phodi Tippani as Barr Lines" is about 20 acres and 20 guntas - all these facts prove that 3 acres and 38 guntas of this Survey number belong to the Police Department It is in this vacant land that the Municipality has recently marked 5 sites in one block and a portion of site of 4 blocks given to private persons for construction of houses

The Survey Department have also intimated (Vide Assistant Superintendent s letter dated 1st May, 1933) that Survey numbers 4,5,6,7,25 & 28 have been noted as included in the City area in a statement of lands prepared [illegible] No.3633-4/dated 26-5-1904 and that a copy of the same

was sent to the Municipal President in the year 1915 The Survey Department appear to have included in this statement all the lands not built upon, as mentioned in the Assistant Survey Superintendent s report referred to above, thereby giving room to the Municipality to claim the lands as theirs It is also clear that prior to the despatch of this statement to the Municipality, the Military Department were in actual possession of these lands

Under the circtumstances explained above, I have to represent that all the lands now in occupation of the Police Department and the vacant lands around as noted in the recent plan prepared by the Survey Department did belong to the Military Department and that they have now come to the possession of the Police Department The Municipal Commissioner has evidently been misled by the statement sent to the Municipality by the Survey Department in 1915 and has in consequence allowed the construction of houses in the lands belonging to this Department It is therefore requested that early orders of Government may be kindly obtained in the matter, defining the title of the Police Department to these lands

I have the honor to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE

Letter No 196 dated 1st May, 1933 from the Assistant Superintendent, Mysore Revenue Survey, Bangalore District, to the Superintendent, Mysore Revenue Survey, Bangalore

---

With reference to your letter No 1538 dated 1-4-1933 re: the demarcation of the land belonging to the Police Department in Bhogenahalli Village, Bangalore Taluk, I have the honor to state as follows:-

The Government Order No 3633-4 dated the 26th May, 1904 directed that th revision settlement in the 26 villages of the Kasaba Hobli of the Bangalore Taluk, should extend only to the lands used for the purposes of agriculture and G O No R 892-3/L S 4-88-1 dated 8th August, 1908 required the Revenue and Survey Commissioners to state what action had been taken with reference to the lands in the several villages adjoining Bangalore City, which had been appropriated to various non-agricultural purposes and which were therefore ordered to be excluded from the Revision Settlement as per G O No 3633-4 dated 26th May, 1904 Thereupon the Superintendent, Revnue Survey in Mysore Bangalore, has reported to Government in his letter No 43 dated 31st October, 1908 that the Re Survey and Revision Settlement of the several villages adjoining the Bangalore City had been done in accordance with the G-O of 26th May, 1904 and that under the procedure adopted, there was no possibility of any land not built upon, being excluded from the operation of the Revision Settlement and that a statement of lands included in the Gavatana would be sent to the President of the Bangalore City Municipality, so that they may be duly assessed under the Municipal Regulation In pursuance of this report to Government a statement of lands in the 23 villages adjoining the Bangalore City, included in the Gavatana, was sent to the President with No 290 dated 23-12-1925 from the Superintendent Office copy of the statement is enclosed in the records

From this statement it is seen that the original survey numbers, 4,5,6,7 25 and 28 of Bhogenahalli were included in the City during Re-Survey and that 9 acres and 1 gunta out of S No 27 measuring acres 13 and guntas 18, was phoded for the bar lines making the remaining extent, of 4 acres and 16 guntas into new field it is now [illegible] the Police Department are

enjoying S Nos 4,5,6,7 and 25 in full, about 9 acres and 1 gunta out of S No and about 30 guntas in S No 28 There are the quarters of the Assistant Superintendent of Police in S No 5, Foot-ball and Hockey grounds in S Nos and 7 and the Police lines in about 9 acres and 1 gunta out of S No 27 and about 30 guntas in S No 28 Since, during Resurvey, lands which were not normally used for the purposes of agriculture were included in the Gavatana or City as per G O of the 26th May 1904, it cannot be difinitely stated without reference to the concerned acquisition records whether the proprietory right of the S Nos 4,5,6,7,25 and 28 belonged to the Municipality, the Police Department or private parties So far as Survey No 27 is concerned, 9 acres and 1 gunta (including Phut Kharab of 20 guntas) out of the same may be definitely stated to belong to the Police Department in as much as the Karda for 8 acres and 23 guntas out of this S No is mentioned to be the Barlines in the R S Tippan

A map of Bhogenahalli in respect of the concerned Nos is enclosed herein The Red portion shows the land, which the Police Department seem to be entitled to, as per entries in our tippan the Blue portion shows the land which they are now actually enjoeying The proprietory right of the lands shown in blue, cannot be decided without the acquisition or other records concerning them The boundaries of whichever S Nos the Inspector General of Police or the President of the Bangalore City Municipality requires will be shown to them on their requisition

I request that the Inspector General of Police and the President, Bangalore City Municipality, may kindly be intimated of the above facts and further orders concerning the needful demarcation and mapping of lands in this village, be passed early

---

COPY

for Inspector General of Police

Letter No 213 dated 23rd May, 1933 from the Assistant Superintendent Revenue Survey, Bangalore District, to the Superintendent, Mysore Revenue Survey Bangalore

In continuation of this office No 196 dated 1st May, 1933 regarding demarcation of the land belonging to the Police Department in Bhogenahalli village, Bangalore Taluk, I have the honor to state further as follows:-

The original survey of this village was done in 1869 and Resurvey in 1904 During the original Survey the Land included in the S Nos 28 and 32 was only one number i e S No 28 It is seen from the records recently traced that dur ng 1884 the tank portion i e S No 32 was phoded ou of this number and the two numbers 28 and 32 were made This phodi seems to have been done mainly for the purpose of separating the tank portion out of this S No 28, since the water spread of the tank extended to a portion of this S No also But in the phodi tappani a portion of this S No 28 is shown by dotted lines as the Barr Line without taking complete offset measurements for the same But from the scale it can be calculated that the area of this portion is about 2 acres and 20 guntas Since no remark is made for this demarcation of the Barr line in S No 28 in the phodi Tippani it is not possible to say under what authority this demarcation was made

A map showing this portion of land in S No 28 is herein and the two stones A & B have also been marked on the filed

Petition from Pathmabi and Mahaboobbi complaining of obstruction by the Police Department of the construction of houses by them on the sites granted to them by the municipality near the Reserve Police Lines, Bangalore City

2 Correspondence ending with letter No 5 7 [illegible] 8 dated 4/3/33 from the Municipal Commissioner, Bangalore reporting that the Police Department took objection to the construction of houses on the sites referred to above on the ground that the land belonged to that Department and that on his asserting the right of the municipality for the ownership of the land, the Inspector-General of Police has referred the matter to the Survey Department and that the reply of the latter is awaited

P W D

3 Correspondence ending with letter No G C 25/32 dated 23th June 1933 from the Inspector-General of Police in Mysore forwarding a report regarding the ownership of the land whereon the sites in question are granted by the Municipality are situate and explaining how the Municipal Council has disposed of the same detrimental to the interests of the Police Department

---

ORDER NO L 2481-3 Fines

Dated Camp, Mysore 14/10/33.

The Bangalore City Municipality

sites out of a portion of old S No 27 and old S No 28 of Bogenahalli village situated near the Reserve Police Lines, two of which have been allotted to the petitioners The Municipal Commissioner states that the sites were disposed of by the Municipality under the impression that the land belonged to them The Inspector-General of Police however contends that the land belongs to the Police Department, having been previously in the possession of the Military Department and since passed on to the Police Department that the sites in question are in close proximity to the lines which are occupied by the Reserve Police men and that it is not advisable to allow private dwellings to be built so close to the Police Lines No documentary evidence is however available to show what particular extent of lands was given over either to the Military Department or to the Municipality and what extents were actually acquired by either Department

Government consider that apart from the question of the ownership of the land in question it is not fair that the petitioners and others, who have been allotted the said sites by the Municipality and who have bonafide come into possession thereof on payment of the price fixed by the Municipality, should now be prohibited from proceeding with the construction of houses thereon It is stated by the

in question are contiguous to the already existing houses in the area and that the houses to be built thereon are not likely to be interfere with the Police Lines or the Parade Ground It is also stated that there are no other lands elsewhere in the municipality to be given over to these persons For these reasons, Government direct that the 9 sites already formed and given over by the municipality be confirmed to the allotees thereof and that they be allowed to proceed with the construction of the houses without any obstruction by the Police Department The Inspector-General of Police is requested to issue needful instructions in the matter to the subordinate of his department

From

The Chief Secretary to the Government of His Highness the Maharaja of Mysore

To

The Municipal Commissioner Bangalore City,

Through the President
Bangalore City Municipal Council

Sir

In continuation of Government Order No L 2481-3/Ml 1-32-122 dated 14th October 1933 confirming the sale of 9 sites near the Reserve Police Lines Bangalore City by the Municipality I am directed to state that in addition to this case some more instances have come to the notice of Government where the Municipality has appropriated kharab lands to which it had no right and disposed of the same as sites As examples of such cases may be mentioned, the appropriation of a piece of land near the Narasimharaja Square for giving out a portion of it for the construction of a hostel and the grant of a site to one Mr Manuel behind the Police Training School As such appropriations are opposed to the interests of Government or other Departments concerned, I am to request that in future proper care be taken to see that the ownership of the municipality to a piece of land is satisfactorily settled before the same is disposed of to private persons

I have the honour to be

Sir,

Your most obedient servant
